# Complete Trucking Solution

Preferred Logistics provides a single point of contact for all of your trucking needs. With more than 20 years of experience, you can trust our extensive infrastructure to move your shipments anywhere.

## Flatbed

Whether you're shipping full or partial truckloads, our logistics expertise allows us to move your freight wherever it needs to go.

## Stepdeck

Our comprehensive truckload network means we have access to a broad range of equipment across the United States.

## Specialized & Project Freight

From beginning to end, you can depend on us to support your team on those projects that need extra attention.

## Less-than-Load (LTL)

Pay for only the space you need with LTL. We offer an easy-to-use TMS system and very competitive rates.

## 24/7 Responsive Customer Service

Our customers are priority #1. We answer all calls and emails promptly. No voice-mail. No call-delay. No answering service.

We provide on-time quoting, accurate equipment availability and continuous load communication.

## Easy to Use

- » Quick and accurate responses to load or quote requests
- » Easy credit terms and approval process
- » Automatic email notifications and alerts on all loads for full visibility
- » All load documentation is sent with our invoices for backup

## Competitive Rates

Our national network and infrastructure, coupled with ongoing volumes, allow our rates to be very competitive.

By forecasting price per mile rates, we ensure our quotes are within market conditions.
