Complete Trucking Solution

Preferred Logistics is the trucking branch of Preferred Shipping. You can rely on our experienced team to assist you with all your domestic trucking needs.

Less-than-Load (LTL)

Pay for only the space you need with LTL. We offer an easy-to-use TMS system and very competitive rates.

Full Truckload

Our comprehensive truckload network means we have access to a broad range of equipment across the United States including dryvans and flatbeds.

Partial Truckload (PTL)

PTL is a cost-effective and flexible transportation solution that allows a more direct route for shipments that do not require a full truck.

Specialized & Project Freight

From beginning to end you can depend on us to support your team on those projects that need extra attention.

Responsive Customer Service

Our customers are priority #1. We answer all calls and emails promptly and work with all carriers on your behalf.

Our free online shipping platform makes it easy for you to quote, create shipments, and schedule pickups with dozens of national and local carriers.

Shipping Made Easy

- » Easily make and monitor your LTL and PTL shipments on our online shipping platform.
- » Receive automatic email notification and alerts on your FTL shipments for full visibility.
- » Get prompt responses to your calls and emails from our experienced customer service teams.

Competitive Rates

Through our national volumes, we are able to offer carrier, rate, and service options from dozens of national and local carriers to meet your shipping needs.

By forecasting price per mile rates, we ensure our FTL quotes are within market conditions.
